

ISM 2023

International Conference on
Industry 4.0 and Smart Manufacturing

Iscte - University Institute of Lisbon

22-24 November 2023

B2B/B2S Brokerage Event at ISM 2023

24 November 2023 | hybrid

Industry 4.0 is revolutionizing and revitalizing all industrial activities in multiple sectors. Enterprises, startups as well as universities and research centers are facing new and complex challenges, but also seizing opportunities.

The **B2B/B2S (Business to Business/Business to Science) Brokerage Event @ISM2023** is the perfect and a unique setting where **networking and discussing partnership opportunities** has never been so easy. *This hybrid matchmaking event taking place on November 24, 2023, during the 2023 edition of the [International Conference on Industry 4.0 and Smart Manufacturing \(ISM\)](#) aims at attracting companies, organizations, and research institutions from the broad field of Industry 4.0 – all explicitly focused on getting in contact with potential business partners or project cooperation partners.*

The B2B/B2S BE@ISM2023 will be organized as a hybrid matchmaking event. In this case, you do not need any additional software, only an up-to-date web browser, a microphone and a webcam.

Participation in the B2B/B2S BE@ISM2023 is **free of charge** and the language of this networking event is English.

Participants of B2B/B2S BE@ISM2023 will be able to attend free of charge the introductory event starting at 9.30 a.m., during which the main national and European calls for financing digitisation issues will be presented.

The programme and participation link will be provided later.

Register now and join us for an exciting day of networking, new knowledge and business opportunities! Additional information about registration are provided in the "[Registration](#)" section.

Deadline for registration: 22nd of November, 14:00pm.

Why participate?

- Publish and showcase your most favorable projects, products, services or know-how to potential international cooperation potential partners
- Promote yourself as a potential partner for joint development or research projects
- Meet numerous prospective cooperation partners in a single day, reducing the amount of time and money needed to find new partners.
- Find investors or commercial/technological/research partners for new business or R&D projects and ideas (e.g. EU programme for Research and Innovation)
- Get latest information on industry-related research results and trends
- Meet and share views with industry experts and researchers, including funding opportunities and proposals

Who can you meet?

- Enterprises
- Start-ups
- Research institutions
- Universities
- Research laboratories
- Cluster organizations
- Public associations/agencies
- Investors/Consultants

Note: Consultants are only allowed to take part in the B2B Meetings, when they are able to offer a specific expertise in the fields of industry 4.0/Smart Manufacturing. This expertise has to be clearly described in the collaboration profile during the registration (marketplace item).
