

The Enterprise Europe Network is the key instrument in the EU's strategy to boost growth and jobs. Thanks to its 600 contact points in more than 65 countries including the European Union, it helps SMEs with advice, support and opportunities for international partnerships.

Our mission is to help SMEs to develop their innovation potential and to access new markets. Instruments include business partner search as well as advice regarding the European Union legislation and European financing programs.

Confederación de Empresarios de Aragón and ITAINNOVA are the EEN members in Aragón.
